

## Equine Canada Gold New Brunswick Year End Awards

To be eligible for the following award horse/rider combinations must have attended a minimum of two gold dressage competitions within New Brunswick, including the provincial championships, within the current year. Each horse/rider combination will average the top score from the NB provincial championships and the top score from a second gold competition within New Brunswick. The champions and reserve champions for each level and division (i.e First Level Junior) are calculated based on the highest and second highest average scores. In the event of a tie the single highest championship score will be the tiebreaker.
